

Finishing **GREY CAST IRON GLITTER**  
Code **GFO0154**  
Family **POWDER COATING**  
Category **18**

#### Materials

- Stainless steel
- Steel
- Alluminio

#### Availability

- Sheet
- Tube

#### Description

The hues of cast iron metal enriched with the sparkling effect of glitter give life to a surprising and unique result, turning dark grey into a dynamic and magnetic color, making any surface shiny and captivating.

#### Use

- Indoor
- Outdoor
- Horizontal surfaces
- Vertical surfaces
- Intensive use
- Marine environment

#### Cleaning and maintenance

Use a cotton or microfibre cloth dampened with water and neutral detergent, rubbing it all over the surface. Remove the remaining detergent with a clean cloth dampened only with water. Then, dry the surface. It is advisable to test any new cleaning agents on areas which are not on view

#### Warnings

To preserve the finish, it is advisable to avoid solvents such as denatured alcohol or ammonia; abrasive materials (e.g. sponges) or products with micro particles, as they will scratch the surface; products containing chlorates (e.g. bleach); aggressive cleaning agents even if they are specifically for metal (like Smac), as they will damage the surface. Prolonged contact with some substances can generate halos. It is advisable to rinse thoroughly in case of spillage on the surface
