

Finishing **LIGHT FABRIC PELTROX®**

Code **GFO0223**

Family **PELTROX**

Category **34**

Materials

- Stainless steel

Availability

- Sheet

Description

The charm of fabric texture reproduced on metal, giving the finish a durable and robust look. The burnishing combined with the texture emphasizes the intertwined effect of stainless steel.

Use

- Indoor
- Horizontal surfaces
- Vertical surfaces

Cleaning and maintenance

Use a cotton or microfibre cloth dampened with water and neutral detergent, rubbing it all over the surface. Remove the remaining detergent with a clean cloth dampened only with water. Then, dry the surface. It is advisable to test any new cleaning agents on areas which are not on view

Warnings

To preserve the finish, it is advisable to avoid products containing muriatic acid, bleach or chlorine in general, as they can change the colour of the finish; deoxidising creams (like Smac), aggressive solvents such as ammonia or anti-limescale; abrasives (e.g. sponges) or products with micro particles, as they can scratch the surface. Prolonged contact with some substances generates generally light-coloured discolourations. It is advisable to rinse thoroughly in case of spillage on the surface.
